Parking Safety Near Schools

Please consider the following tips during drop-off and pick-up times to help keep your child safe.

➔ **Do not stop your car in the street to load or unload**

This causes traffic to stop and students will often walk between cars creating a dangerous condition for the child.

➔ **Obey all parking signs and curb paintings**

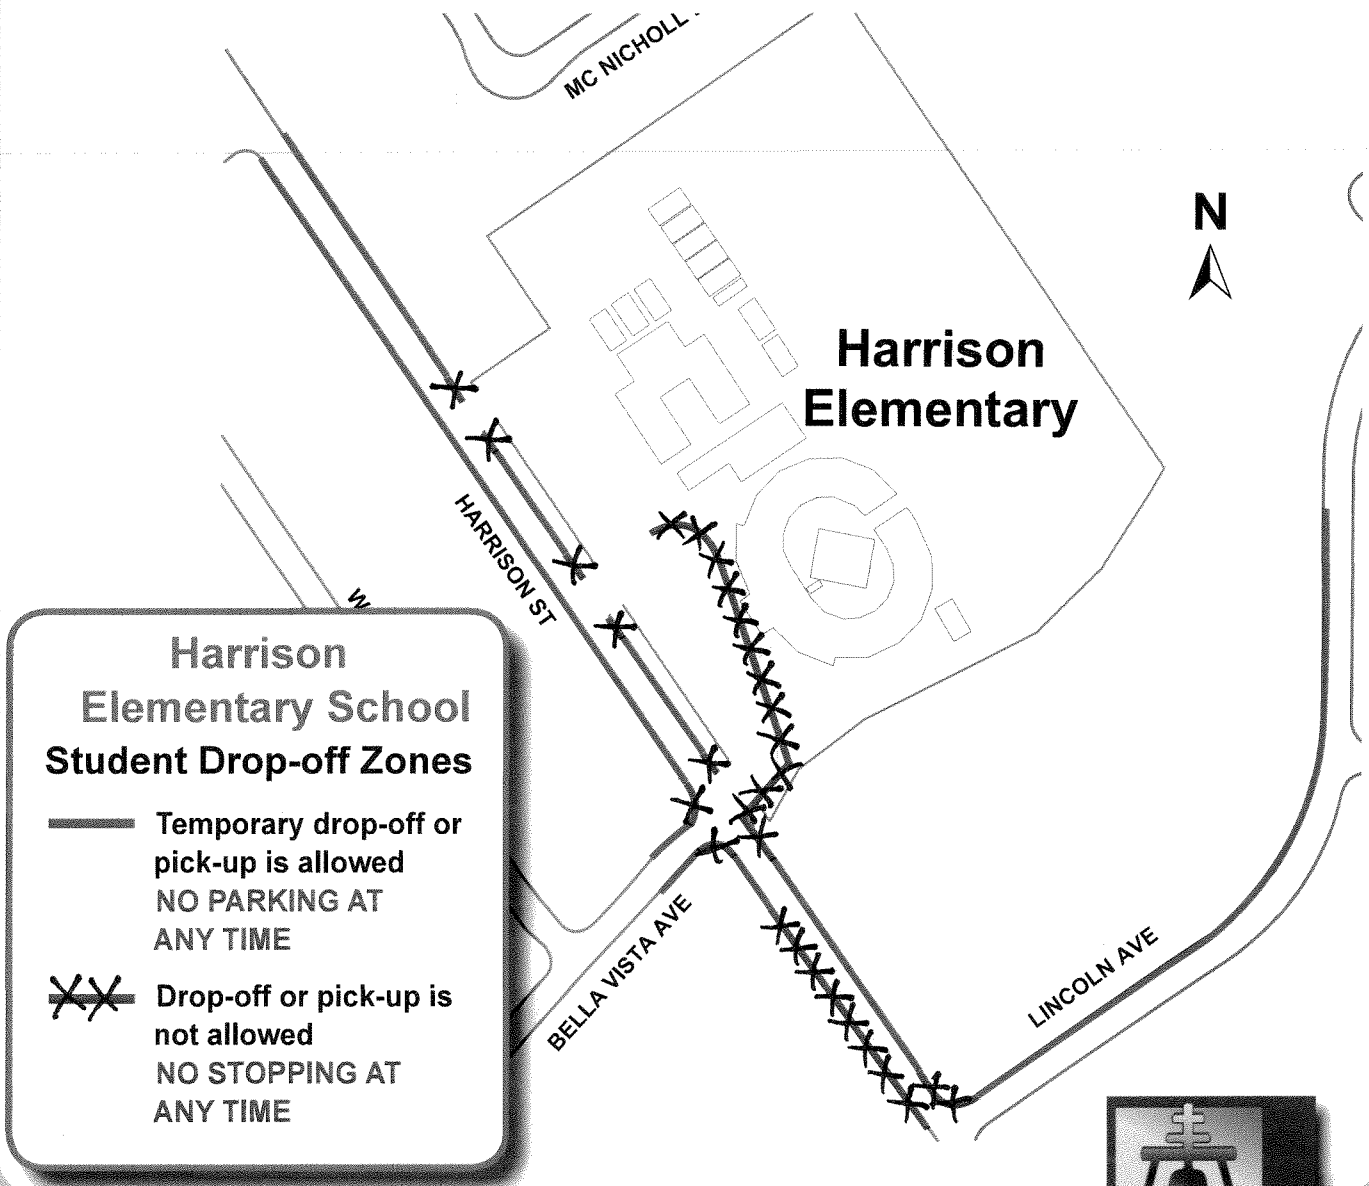

Stopping in a red curb zone may cause other drivers to have an obstructed view.

➔ **Arrive early**

Park down the street, and walk to campus to meet your child.

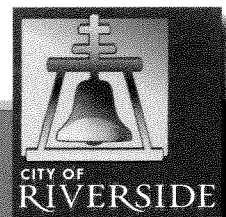

➔ **Do not leave your car unattended in the white loading zones**

➔ **If you choose to park across from the school, use the nearest crosswalk**

Parking rules are enforced near school zones for the safety of your children.
